ADDENDUM NUMBER TWO

B50-07

2007 WATER MAIN REPLACEMENT PROJECT

TO ALL FIRMS OF RECORD: This addendum forms a part of and modifies the bidding and contract documents and technical specifications for the project named above. The following clarifications are made to the original Contract Documents:

1. **Question:** What is the Engineer's estimate for this project?

Answer: Base bid: \$800,000; Alternate 1: \$400,000.

2. **Question:** I did not receive page 98 of 98 of the bid specifications. Can you provide?

Answer: This is an inadvertent page numbering error. There are only 97 pages to the complete bid specifications.

3. **Question:** Pages 95 through 97 show sewer pay items. I do not find these in the bid documents. What am I missing?

Answer: Nothing, these were included because there is a possibility that the City may add a small sewer replacement to this project.

4. **Question:** Will the vibration monitoring be in one area so there will be one mobilization or will the consultant be on-site a few hours at a time?

Answer: The vibration monitoring is for all the affected streets as needed and the on-site consultant visit will last only a few hours.

PLEASE BE ADVISED THAT THE CONTRACTOR MUST ACKNOWLEDGE RECEIPT OF ADDENDUM ONE AND TWO ON THE BID SHEET SIGNATURE PAGE.
